9 Other organizational remarks

10 Declaration

I understand that I am applying to move into an independent and self-organized dormitory with an active living community and that my participation in this community is a requirement for the extension of the rental agreement. The rental period is one semester and may be extended by an additional semester at the end of the previous one. The total length of rental agreements is generally limited by a student's BaFöG eligibility. (BaFöG is a financial aid program carried out by the German government.)

Furthermore, I have also familiarized myself with information about the dormitory, its ideals and its student-based self-administration (e. g. see HSV statute, HSV rules of procedures, other information on the homepage).

We want to get to know you! Please write a short and coherent essay about yourself. Check the following questions for guidelines. You do not need to answer each question nor adhere to their order; they are just suggestions. If you type your response, please do not exceed this page (incl. overleaf). If you write the text by hand, you may use one additional sheet.

- Have you ever lived in a dormitory? If so, when, where and what was your experience like?
- Why do you want to live in a dormitory, especially in the Hermann-Ehlers-Kolleg?
- Can you imagine playing an active role living in a community with 21 neighbors on one floor? If so, how would you contribute?
- What does your current living situation look like? How would you describe your family situation, how do you pay for your studies?
- If you have been engaged in any kind of community organizations: What exactly did you do there? What kind experiences did you have? (clubs, church, school, ...)
- What are your interests and hobbies? How do you pass your free time?
- Are there any other things we should know about you?
